Legend: ✓✓ Excellent. Mind that minor wet cockling might occur, when exposed to high ink loads (in case of CAD and GA papers)
 ✓ Good

Note: All papers are to be used with original inks recommended by the original printer manufacturer. It is the responsibility of the consumer to ensure that the printer is set up in accordance with the manufacturer's instructions. The paper must be used and stored under standard conditions (23°C, 50% relative humidity) to guarantee best performance. No responsibility will be accepted for damage resulting from incorrect usage or storage of the papers. Avoid touching the unprinted media on the printing surface. Smudges, marks etc. can affect the image quality.
